

ABOUT US

Since 2005, Brevard Family Partnership (BFP) has been the lead child welfare agency responsible for the safety, stability and well-being of abused, neglected, or abandoned children in Brevard County. BFP and its community partners provide child abuse prevention, foster care and support, adoption, independent living and community outreach services to the children and families of Brevard County.

Our goal is to keep children and families together in their local community and school when safe and appropriate to do so; and to find forever families for children who cannot safely return home.

OTHER WAYS TO GET INVOLVED

Volunteers are trained to form a “Table” and develop long-term relationships with the “Friend” - the individual or family they are serving. Guided by a Life Plan defined by the Friend, Table members and the friend access their social networks to support implementation of the Life Plan. Tables range from four to twelve volunteers based on needs and number of family members. Over the course of a year, Tables meet weekly for an hour and share friendship and activities outside of Table meetings.

If every church in Brevard County included **JUST ONE** foster family, we could provide love and support to every child that enters foster care.

JUST ONE is an initiative of Brevard Family Partnership to partner with faith-based organizations to find quality foster homes for children in our community.

Spread awareness

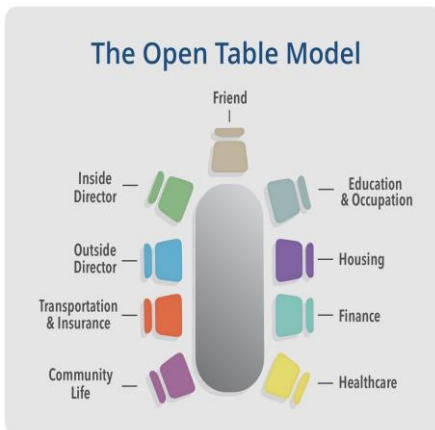

Help spread awareness of the needs of Brevard’s children by liking and sharing on Facebook, telling your friends, and helping recruit foster parents.

Make a financial contribution

Your financial support directly contributes to the safety, permanency and well-being of Brevard’s children. Learn more at: brevardf.org/donate

Mentor

Guide and support our youth to build a relationship that lasts a lifetime. If you are interested in mentoring someone aging out of the care system, we will connect you through [Ways for Life](#).
