

BECOME A MENTOR

Empower Foster Youth Through Connection

Our mentoring program matches youth in foster care ages 13-23, with a supportive adult. These young people live in Orange, Seminole, Osceola, and Brevard counties. Our mentees are looking for someone who can support and motivate them—and above all, be a consistent friend and cheerleader. As a mentor, you'll have the opportunity to teach life skills, be a role model, and create meaningful new experiences together.

Requirements to Become a Mentor:

- At least 25 years old
- Pass required background checks
- Commit to spending a minimum of 4 hours a month face-to-face for at least 6 months
- Be reliable and consistent
